The New York Life Home Office, located at 51 Madisan Avenue, was designed by world amous architect Cass Gilbert.

Completed in 1928, the building stands as much more than an impressive piece of amplitecture on the New York City skyline. Rathor, it is a symbol of New York Life's aroud and onduring financial strength and to forme of mutuality, integrity and humanity, and within is a piece of limestone taken to walls of the Home Office during lione in 2019
